Investment Objective

The fund is a Shari'a compliant investment that aims to achieve a higher profit return than traditional Shari'a compliant bank deposits. The fund will primarily invest in a diversified portfolio of Shari'a compliant money market instruments such as Murabaha and Wakala, including collectives investing in such instruments. Assets will be diversified across a range of durations and liquidity terms in order to maximise potential for higher profit without unduly increasing volatility or impeding regular liquidity.

The fund is a sub fund of Emirates Funds Limited, a Shari'a compliant investment company registered with limited liability in Jersey, the Channel Islands. The fund will adhere to Shari'a law as advised by the Fatwa and Shari'a Supervision Board of Emirates NBD Asset Management Limited.

The Team

With one of the longest track records in the MENA region, Emirates NBD Asset Management operates as an independent asset manager based in the DIFC yet also backed by Emirates NBD Group, one of the largest financial services groups in the UAE.

Within fixed income the team employs sophisticated techniques to drive performance and control risk. This helps manage volatility during periods of market stress, as well as maintain performance above major peers during most periods. The head of the desk, Usman Ahmed has been in the industry for almost fourteen years and is recognised as a leading expert in the fixed income space.

The team is also supported by two portfolio managers and four analysts including two CFA Charter Holders and three level-3 candidates who provide in-depth company and security analysis, as well as a dedicated risk management function. The risk management function reports independently to the Investment Committee which provides investment oversight.
